

Karthik A N

Full Stack Engineer | React, Node.js, TypeScript | 4 Years Experience

Email: karthik.an@email.com | LinkedIn: linkedin.com/in/karthikan

Professional Summary

Results-driven Full Stack Engineer with 4 years of hands-on experience in architecting and scaling web applications. Expert in building performant frontend interfaces with React and robust backend systems using Node.js. Passionate about writing clean, maintainable TypeScript code and designing scalable RESTful APIs. Seeking to leverage my technical expertise to help your team build high-impact, user-centric software solutions.

Core Technical Skills

- **Frontend:** React.js, Redux, TypeScript, HTML5, CSS3/SCSS, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs, GraphQL
- **Database:** MongoDB, Mongoose, PostgreSQL
- **Tools & DevOps:** Git, Docker, AWS (EC2/S3), CI/CD pipelines

Professional Experience

Full Stack Engineer

Tech Solutions Corp | 2020 – Present

- Architected and migrated legacy frontend applications to a modern React and TypeScript stack, improving page load performance by 40%.
- Developed and maintained scalable RESTful microservices using Node.js and Express, supporting 50k+ daily active users.
- Optimized MongoDB queries and implemented caching strategies with Redis to reduce backend latency by 30%.
- Led code reviews and mentored junior developers, fostering a culture of high-quality engineering and agile best practices.

Education

Bachelor of Engineering in Computer Science

University of Engineering | 2016 – 2020
